LAND AND PEOPLE CONFERENCE OCT. 15-16

On the eve of five regional Land
and People Conferences, Secretary
of Agriculture Orville L. Free-
man reports that Soil and Water
conservation work is being speeded
through greater efficiency and
improved methods that reduce cost.

The stretching of dollars to get
more conservation on the land
faster is highly significant," he
says, because the conservation
job "is so big and vital to every
American."

One of the conferences will be
held in New Orleans, October 15
and 16. The theme of the confer-
ence will be strengthening and re-
vitalizing rural America, with
emphasis on conservation and
rural areas development. Mr.
Freeman, Secretary of Agriculture,
will be general chairman and key-
note speaker.

A delegation from Mississippi,
which will include farmers, busi-
nessmen, educators, and civic
and government leaders has been in-
vited to attend. Soil conservation
district leaders throughout the
state have been called upon to
participate actively in the con-
ference.

The farmers will offer anyone
in attendance an opportunity to
be heard, to ask questions, to de-
bate issues, and to put forward
their own proposals for improving
their communities through rural
development programs.

"We look to local representatives
as the real experts in determining
how federal programs can best
help revitalize rural areas,"
Secretary Freeman explains. "We
want to learn from the local
people how these programs can be
improved to better serve their
purposes and we hope they will
suggest further improvements in
conservation and rural areas de-
velopment services."

This meeting is open to the pub-
lic, about 15 people from Hancock
County are planning to be at this
meeting. Anyone interested in
this meeting is invited to attend

chrome, Tempest has Wide-Track this year. And self-adjusting brakes and a tachometer and a fetching style and all kinds of niceties that'll
make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. V-8 is different! Pontiac Tempest

TREES ON IDLE ACRES ARE PROFITABLE

Area Forester Glenn Purvis is urging all landowners in Hancock County, to take advantage of the Mississippi Forestry Commission program which offers seedlings for profitable Tree Farming.

Each landowner is eligible to receive 1,000 free seedlings delivered to a central point in his county for a delivery charge of only 35 cents.

Owners of idle acres are paying taxes on this land and earning nothing. By planting them with trees, in twelve or fifteen years you will be realizing cash income. It is estimated that the nation's lumber requirements by the 1970's will be fifty percent higher than today.

Mississippi Forestry Commission is now accepting applications for seedlings to be used in the 1962-63 planting season. Order today and take advantage of the Mississippi Forestry Commission seedling program. Trees can give us greater prosperity in the future.

BAY HIGH WINS 20-0; STANISLAUS DEFEATED 19-6

Bay High Tigers beat Harrison Central 20-0 Friday night in a Gulf Coast Conference football contest at Long Beach.

Bay High upped its record to 4-1 with the victory; the Tigers are 3-0 in conference play.

After a scoreless first quarter, the Tigers scored once in each of the following periods.

The first TD came on a one-yard run by halfback Don Saucier. Tackle Jerry Thomas set up the score when he pounced on a Harrison Central fumble on the Harrison Central 14. Fullback Stanley Burch scored the extra point.

In the third quarter, Bay High sustained a 58-yard march, using 14 plays. Saucier capped the drive going one foot for the score. It took Bay High three plays to make the final foot as Central tightened up its defenses at the goal. John Penton passed to end Teddo Thomas for the extra point.

Late in the last quarter, the Tigers exploded on a quick drive covering 68 yards in four plays. A 26-yard carry by Saucier and a 24-yard burst by Burch were highlights of the drive. Burch topped it off with a two-yard scoring plunge.

Next Friday, Bay High plays Long Beach in a key Gulf Coast Conference game.

Catholic High of Baton Rouge defeated the St. Stanislaus Rockachaws, 19-6 Friday night at Rockachaw Field in Bay St. Louis.

With one minute and 48 seconds left in the first half, the Rocks were on their own seven but a minute later, Catholic High was ahead 13-0.

William Lemoine blocked Duzy Rhodes punt and Catholic High's Mike Mitchell recovered on the Stanislaus seven. Three plays later, Farrel Guillory hit John Nole with a seven-yard scoring pass.

St. Stanislaus returned the ensuing kickoff to the Rock's 17 but on the first play, Catholic High's Don Plaisance intercepted Rhodes, aerial and galloped 47 yards to tally the Bear's second touchdown. Both scores came in a 23 second period. Bobby Harris booted the Bears into a 13-0 half-time lead.

Late in the third quarter, the Rocks' Mike Mashburn blocked Dale Delaune's punt with Arthur Wynne recovering on the Catholic's 31. Nine plays later, Barry Boesberg plunged a yard for the score.

Lloyd Plaisance crashed 20 yards for final frame Catholic touchdown. Catholic High's Fourth TD was wiped away when officials learned time had run out as Plaisance crashed two yards.

The Rockachaws now have lost three games and have won one. Next week they will entertain the Notre Dame Rebels of Biloxi.

STATE AUTO DEALERS PROVIDE STUDENT DRIVER TRAINING CARS

J. CKSON-(Special)-Mississippi's franchised new car dealers provided ninety-seven practice driving cars to high schools throughout the state for use in driver education courses during the 1961-62 school year, William J. Dalrymple, Vicksburg, chairman of the Automotive Safety Committee of the Mississippi Automobile Dealers Association announced today.

Of the cars made available, eighty-nine cars were loaned to schools free-of-charge by the dealers. These cars had a total value of \$225,971.

"For the 15th consecutive year Mississippi dealers have demonstrated their continuing interest in efforts to make our highways safer, by providing young people with an opportunity to learn to drive skillfully, under the supervision of a qualified instructor," observed Dalrymple.

"Surveys show that young people who have received a qualifying course in driver education - including both classroom and practice driving instruction - have a driving record twice as good as those who have not had such an opportunity. By making practice driving cars available, dealers work hand in hand with our schools to perform a vital community service," he continued.

"Continued expansion of facilities for training young drivers is essential if we hope to keep pace with Mississippi's growing volume of traffic and also to help reduce the annual loss of life and property resulting from traffic accidents on our streets and highways," he added.

LOOK TO FUTURE FOR MISSISSIPPI

A projection of Mississippi's future will be examined here on Thursday and Friday at an Employment Security Commission workshop entitled, "New Dimensions in Our Economy."

The two-day workshop will be the eighth annual institute of the Mississippi Chapter of the International Association of Personnel in Employment Security. Co-sponsor will be Delta State College at Cleveland.

The institute will open Thursday morning with registration in the first floor auditorium of the Office Building. Major addresses will be delivered by A. D. Guerd, manager, Pascagoula Refinery, Standard Oil Company; and Captain Bert Slattery, director of public information, National Aeronautical and Space Administration (NASA), Huntsville, Alabama.

Keynote speaker will be Worley Brown, chairman, Florida State Employment Commission, Tallahassee, who will speak Thursday morning on "New Dimensions in our Economy." Mr. Brown will be introduced by Johnny Aldridge, Mississippi Employment Security Commission executive director.

NO PLACE LIKE HOME

Just for a moment, close your eyes and picture the scene in your childhood home that you liked best. Was it the music box in the front room, the grandfather clock, the large, fragrant kitchen? Whatever you are thinking of, your memory is a treasure chest of things you hold dear.

Let your mind wander further. You will remember not only loving scenes and favorite objects, but family and friends, their ways,

their thoughts, their talk. God and His goodness were mentioned often. Prayer was a common practice. There was faith and trust and a feeling of security.

Sunday was a special day, and all activities were centered around the church and the home.

Come back to the present a moment. The Church was home to you then! It can be your home now; a place of worship where the heart remembers and rejoices.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the

Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MAN, WOMAN RELEASED TO NORTH CAROLINA

A man and a woman arrested by Federal Bureau of Investigation agents on fugitive warrants were released from Harrison County Jail in Gulfport to custody of North Carolina officers.

Sheriff's deputies T. N. Woods and J. D. Russell of Mecklenburg County, N. C. took custody of Edward J. St. Amant, 27, of Biloxi and June Marie Jeanfreau, 25, of Bay St. Louis.

They are being returned to North Carolina to face charges on house breaking and larceny.

A complaint filed before the U. S. Commissioner in Charlotte, N. C. alleged St. Amant and the Jeanfreau woman fled from North Carolina to Mississippi on Sept. 22 to avoid prosecution on the charges.

North Carolina authorities requested assistance of the Federal Bureau of Investigation in the location and apprehension of the pair.

STENNIS LAUDS AGRICULTURAL EXTENSION SERVICE

WASHINGTON, D. C. - Senator John Stennis took 20 minutes during a busy day on the Senate Floor to pay tribute to the 100 year old Agricultural Extension Service.

Stennis, a longtime friend and champion of agricultural research Extension Service and the 4-H Club program, said "The success of this program has been due in large measure to adherence to three basic factors: First, research to get the facts; second, education for practical use of research, and third, localized responsibility and leadership."

Stennis said further, "The great training which American Youth has received in citizenship through our Nation has been one of the outstanding contributions arising from investment of a relatively small amount of money and a great amount of effort by leaders in this vast Extension Service program."

"It has brought forth a food and fiber program unequaled anywhere in the world by any civilization in any time."

"Perhaps the greatest contribution has been the development of outstanding leadership in the rural communities of the nation."

Stennis noted that some 100,000 boys and girls of the nation are engaged in 4-H Club work, in addition to hundreds of dedicated adult leaders in agricultural research and other phases of Extension Service work.

Stennis made his remarks on the Senate floor in observance of the 100th anniversary of the signing of the Morrill Act which created land-grant colleges and universities throughout the nation where Extension Service work is conducted.

MISSISSIPPI SECOND HIGHEST IN FIRE DEATH RATE

Why does Mississippi have the second highest fire death rate in the nation? The answer to this question is being sought by the Mississippi State Board of Health through a carefully planned study that will get underway this month.

"With over 200 fire deaths annually in our state, no longer can we ignore the tremendous fire casualties that occur year after year," said Dr. A. L. Gray, State Health Officer.

"Last year, fires and explosions from combustible materials caused more deaths than tuberculosis and polio combined and an incalculable number of injuries and disabilities," stated Dr. Gray. The health department, he said, plans to halt this needless human loss and misery in the same manner other public health problems are attacked.

The forthcoming study has been designed to pinpoint the underlying factors that lead to fires in Mississippi, thereby yielding data needed in planning a statewide prevention program. Hinds, Warren, Yazoo and Lauderdale Counties have been selected for the investigation because of their high fire death rates, according to Dr. Gray.

LAKEHORE AND CLERMONT HARBOR NEWS

By Aline (Pee Wee) Courage HO-7-5888

Last Saturday morning at about 11 a. m. a group of local boys including Greg Kothmann, Jimmy LaFontaine, Parker Debenport, Gordon Courge Wayne Peterson, Leroy LaFontaine, and Herbie Peterson appeared by request at our C. L. Youth Center to begin a day of hard work. Naturally the mosquitoes were rather annoying, and they were in bad need of something to stop these little insects so they could get their work under way. Mrs. Louise Hero of New Orleans and Clermont came to their rescue with a big jar of 6-12. All through the day Mrs. Hero tried to be of every assistance possible to them, and when she was informed of how badly we needed chaperones she offered her services any time we need her.

Mrs. Hero has no teenagers who came to our Youth Center but she is willing to give her Saturday night to the pleasure of us teenagers and yet there are those parents who have teenagers who attend this dance every Saturday night who will not give us their Saturday night's. We are asking more parents to take interest in your teenagers and in our C. L. Youth Center.

We also wish to remind all teenagers that the youth center will be closed this Saturday night, but will reopen the following Saturday and on November 3 we will have a dance with a band. Future details will be stated in next weeks issue.

Cheerleaders were selected at Gulfview for their second football game against Piquette this past week.
